CHRISTMAS RUSH AT POSTOFFICE

Heavy Increase in the Mails Keeps the Clerks and Carriers Busy.

The clerks and carriers at the Rhinelander post office have already commenced to experience the holiday rush. During the past week there has been a noticeable increase in the amount of mail matter and from now until after Christmas the mails will be most heavy. At this time of the year there are nearly as many parcels received and sent out each day as there are letters under normal conditions. There is also a big business done through the money order department. Extra help will probably be employed at the office during the next week.

The public is reminded that in order to insure the safe delivery of Christmas parcels care should be used in mailing.

Owing to the fact that many packages are poorly wrapped they break open and the contents instead of reaching their destination are sent to the dead letter office. All parcels should be plainly addressed and should bear the name and address of the sender, or it is one's privilege to enclose a card containing his name and address.

All packages containing gifts of value should be registered. It costs eight cents in addition to the regular postage to register a package. In addition to an assurance of its safe transmission and delivery to the proper person, it also affords the sender of every registered article the privilege of getting a return receipt signed by the person addressed at the time of delivery.

DEATH OF MRS. ED. RODD.

Lady Had Been in Ill Health For Several Years.

Mrs. Ed. Rodd passed away Saturday evening at her home at 627 Alban street. The lady had long been in ill health. Three years ago she suffered an attack of typhoid pneumonia from which she never fully recovered.

The direct cause of death was a hemorrhage of the lungs.

Mrs. Rodd was thirty-six years of age and is survived by a husband and four little children. She was a lady with many friends who deeply mourn her death and extend their most heartfelt sympathy to the grief-stricken family.

The funeral was held Tuesday afternoon from the residence, services being conducted by Rev. Wm. Knudson of the Norwegian church. Relatives from out of the city who attended the funeral were Henry Lokken of Spirit, a brother of the deceased, and Ole Rodd of Monticello.

WOODSMEN ARE HURT.

Jacob Damask, a woodsman, is at St. Mary's hospital suffering with injuries received while working at one of Brown Bros.' camps. He was attempting to stop a log rolling off a skidway when the heavy timber struck him and went over his body. He was badly hurt but will recover.

Dr. J. T. Elliott was called to Heaford Junction, Friday, to dress the injuries of a man who had been hurt while at work in the woods. The man was chopping a tree when the axe caught in a stout twig and flying back hit him on the leg. A bad gash was received and it required twelve stitches to close the wound. The woodsman's home is at Rice Lake and he was sent to the hospital there for further care.

AN IMPORTANT DECISION.

A decision by the Supreme Court rendered today in the case of the Wisconsin River Improvement Co. vs. Kate Pier, affirms the lower court verdict, which grants to the plaintiffs the right to build dams on the Wisconsin River and to condemn private properties on the Wisconsin River for floodage purposes. This is an exceedingly important decision. Smart & Curtis represent the Wisconsin River Improvement Co.—Merrill Advocate.

WILL BE MAILED WEDNESDAY.

Next week's issue of the New North will be published and mailed on Wednesday December 23. The paper will appear a day earlier to accommodate the advertisers who patronize these columns. All live merchants will want their ads in this issue, the last before Christmas.

LOST NEARLY TWO DAYS.

Woodman Strays From Camp—Is Found in Exhausted Condition.

A woodsman employed at Brown Brothers' camp, northeast of the city, became lost last Thursday and for nearly two days wandered about in the woods. When found the man was in an exhausted and half-crazed condition.

The fellow was engaged at loading logs and after finishing his day's work started alone for camp. Being a new comer, the surroundings were strange to him and he soon strayed from the trail. As he did not appear that night at camp, John LaPage, foreman, organized a searching party which started out the next morning. After a long hunt the man was found late that night. He was on his knees at the praying and kept mumbling continuously to himself. He had lost his hat and had suffered considerably from the cold. In his rambling the man had traveled eighteen miles from the camp. Had he remained out another night he probably would have died from hunger and exposure.

RHINELANDER BOY AN ALTERNATE

In the examination for midshipmen in the United States Naval Academy at Annapolis, held recently at Wausau, Frank David of Marshfield stood the highest and has been appointed. M. E. Rather of Aniwa will be first alternate, Chas. Crosby of this city second alternate and J. A. Baum of Pittsville, third alternate. Congressman Morse believes in appointing young men to the Naval Academy on their merits and not on account of political reasons. If the principal fails to pass either the mental or physical examination or desires not to enter the academy, the other young men will be given the appointment in the order named.

LOGGING ENGINE HITS VELOCIPEDE

Ed. Lind Seriously Hurt in Accident On Narrow Gauge Road, Friday Evening.

While riding on a railway velocipede on the Robbins' Lumber company's narrow gauge road, Ed. Lind and John Bailey were struck by a logging train. Lind was seriously hurt.

The accident occurred Friday evening, Lind and Bailey in company with August Baxtrom had spent the day in the woods in the vicinity of Brown Brothers' camp and the three men were returning to this city. Lind was riding backward on the front end of the velocipede. Bailey was propelling the car, and Baxtrom was on the front seat. When rounding a curve Baxtrom, who was facing the track ahead, saw the locomotive approaching and immediately warned his two companions. At the same time he jumped, alighting in a creek by the side of the track. Owing to the positions occupied by Bailey and Lind on the car they were unable to escape and the engine struck them. Both men were hurled thru the air a distance of several feet and fell against a barbed wire fence. Bailey was only slightly injured. Lind received several severe cuts about the head and hips. He was removed to his home on the north side and given prompt surgical attention. It required many stitches to sew up the cuts on his head. He is at present resting easy and his early recovery is looked for.

Owing to the darkness, Baxtrom was unable to see the train until it was within a few feet of the car. The locomotive was backing up on its return to the logging camp and was moving slowly. It was probably due to this fact that the accident did not result more seriously. Had the train been going at full speed the entire party would no doubt have been killed.

OUR CHRISTMAS ADVERTISING.

We wish to call the attention of our readers to the Christmas advertising appearing in the columns of the New North. These advertisers have the goods they are advertising, and many more, and they want to sell them. That is the reason they are advertising. All of these announcements should be read carefully and they will be found both interesting and helpful. The selection of Christmas presents is often quite difficult. You wish to make presents but don't know just what to buy. These advertisements will assist you in making selections.

ROSSIO ACQUITTED OF ASSAULT CHARGE

Man Alleged to Have Stabbed Julius Koepenick Found Not Guilty By Jury.

Paul Rossio, who was on trial in circuit court charged with assault with intent to kill and murder, was acquitted. The case was given over to the jury last Thursday afternoon, and after being out several hours the men brought in a verdict of not guilty.

The case was an important one and attracted deep interest. Throughout the entire proceedings the big court room was filled with spectators who listened attentively to the evidence. There were twenty-five witnesses subpoenaed on the case.

Rossio was alleged to have stabbed Julius Koepenick while in a drunken melee at Lenox one day last May. It was a free for all encounter in which several contestants were engaged. There was a conflict of testimony regarding who committed the offense. The defense brought out that the stabbing was done by a man named Whitte who afterward fled the country going to Kentucky. Rossio declared that during all the mix up he did not once use a knife and in fact did not even have a knife in his possession.

Koepenick is a large powerful built man while Rossio, physically, is considerable of a light weight. Rossio's wife and little children were with him during the trial. District Attorney S. S. Miller represented the state and attorney S. J. McMahon of Antigo was for the defendant.

BRAVE ENGINEER IS RETIRED.

"Jim" Root of Hineckley Fire Pump Rewarded By Northern Pacific.

"Jim" Root, who is personally known by many people in Rhinelander, and who is the oldest engineer on the Northern Pacific system, has been retired at full pay. He is 73 years of age and during the last eighteen years has been running a train on the Washburn branch of the Northern Pacific.

Jim Root won fame in saving the passengers on his train from being roasted alive when they were caught at Hineckley during the great forest fires years ago. Root at the time was running a train between Duluth and St. Paul. He ran his engine to the town of Hineckley, which was found to be in ashes. All of a sudden the winds fanned the forest fires into a roaring furnace and the train was completely surrounded by fire. Root stuck to the throttle while the fireman threw water from the engine's water tank upon him and the cab.

The smoke was suffocating and the heat terrific but the faithful members of the crew kept at their posts until the train reached Skunk creek, where all escaped to the waters and were saved.

Root and his fireman were taken from the cab more dead than alive.

PUBLIC SEE CATTLE KILLED.

A public bovine tuberculosis demonstration was given at Stevens Point Saturday before a crowd of over 1,000 people, three Holstein cows from the Dufco and Walters herds being slaughtered. Dr. Clark, state veterinarian, and G. W. Fisher of Janesville, member of the Wisconsin live stock sanitary board, were present and talked to the assemblage. Two of the cows apparently were in perfect condition, but when opened were found to be badly affected. The other cow's udder was covered with tubercular glands. The demonstration will do much toward improving sanitary conditions in that section. Twenty cattle in the Dufco herd responded to a recent test and will be slaughtered under state supervision.

TILL A BOON TO ALMENA.

That plaster-on-the-back Till is a boon to Almena and the railroads is shown in the following taken from the Spring Valley Sun: Passenger receipts at the Almena depot for the last seven days of Oct. last year were \$1.88; for this year, same days, the receipts were \$511.71. Last Wednesday alone the sale of tickets amounted to \$132. Bus lines and hotels (what they call hotels in Almena) are coming money. Till is issuing only 100 tickets a day now, making that the limit; the limit is sometimes reached by 10 o'clock in the forenoon.

DEMAND FOR HOLIDAY STAMPS.

Ten Thousand Red Cross Stickers Will Be Sold in Rhinelander.

There has been a steady demand in Rhinelander for the new holiday greeting stamps issued by the American Red Cross Society. The stamps are on sale in all the leading business places of the city. It is the desire of the local Anti-Tuberculosis Society to dispose of 10,000 of the stamps here. Twenty-five per cent. of the money made from the sale of the stamps will go to the Rhinelander society and be added to the fund to be used toward wiping out tuberculosis in this county.

The Wisconsin Anti-Tuberculosis Society is making a strenuous effort to sell 2,000,000 stamps by January 1. Deep interest is being shown in the movement in all cities of the state. Business men everywhere are coming forward with assistance. At Milwaukee the Allis-Chalmers Co. will place a stamp on every pay-check and every outgoing letter. Other firms will no doubt do likewise.

WILL CUT COUNTY TIMBER

C. F. Dunbar of Wausau, according to the Central Wisconsin of that city will carry on logging operations on an extensive scale in Oneida and adjoining counties. The forest fires last summer burned over a big tract of his timber and he has decided to log it this winter. He will put in about 2,000,000 feet during the present season most of which is located in Oneida county. About 400,000 of this will be pine and about 500,000 of birch and hardwood. Some of the hemlock was also burned over, but Mr. Dunbar has decided not to touch that this winter, but will peel the bark next summer and put it in the following winter. Most of the timber will be delivered to the Bundy company's mill at Bundy.

SUES NORTHWESTERN FOR HEAVY DAMAGES

Severt Neilson Hurt On Section Asks for \$20,000—Other Circuit Court News.

When circuit court convened again Monday, the first case to be taken up was that of Severt M. Neilson vs. the Chicago and Northwestern Railway company. This case is the most important on the calendar and will occupy the greater portion of the week.

Neilson is suing the railway company for \$20,000 damages for injuries which he claims to have sustained while working on the section near Watersmeet, Mich. His attorneys are Geo. C. Foster of Hurley and Geo. O. Driscoll of Ironwood. Edward M. Hyzzer of Milwaukee, attorney for the Northwestern, is fighting the case for the company. Many witnesses have been examined. Yesterday afternoon the jury was excused while the case was argued before Judge Reid to have him direct a verdict.

Other cases on the calendar to come before this session of court are Briggs-Cooper company vs. C. P. Crosby, Guaranteed Investment company vs. Herman Felke, John Sum and Stevens Lumber company, Lewis Hardware company vs. O. A. Illgerman.

William Malone, on trial for larceny, was found guilty and sentenced to a term of one year in the state reformatory at Green Bay.

The case of Stanley Rendok, forgery, was placed at the foot of the calendar owing to the fact that the principal witness was ill and unable to appear. John Tillman was acquitted of the charge of larceny.

COURT RENDERED VERDICT.

Later—As we go to press we learn that in the Neilson-Northwestern case the court rendered a verdict for the defendant on the grounds of no cause of action. The suit will now be carried by the plaintiff before the state supreme court.

Ill Health Is More Expensive Than Any Cure.

This country is now filled with people who migrate across the continent in all directions seeking that which gold cannot buy. Nine-tenths of them are suffering from throat and lung trouble or chronic catarrh resulting from neglected colds, and spending fortunes vainly trying to regain lost health. Could every sufferer but undo the past and cure that first neglected cold, all this sorrow, pain, anxiety and expense could have been avoided. Chamberlain's Cough Remedy is famous for its cures of colds, and can always be depended upon. Use it and the more serious disease may be avoided. For sale by F. L. Hinman & Co.

We are glad to be able to inform the residents of this locality that Mayor Pronzlow has agreed to throw down the gauntlet and buckle on his armor and go after the C. & N. W. soon after the holidays and see if such a thing as a new depot cannot be landed for Chiltonville. Humanity has surely been a patient sufferer in this case and between the city council, our business men and the railroad commission of Wisconsin, it hadn't ought to be such a hacking job to get a new depot here.—Chiltonville Tribune.

Thru the liberality of the Ashland county board the sheriff's salary has been fixed at one hundred dollars per month out of which sum he must pay his deputy. He will, at least have the honor of the office.

St. Nicholas in all his goodness seldom remembers the children of the poor. How many little ones will hang up their stockings Christmas Eve, only to awaken in the morning and find that the kind old Saint has failed to visit them? Imagine their bitter disappointment when they gaze on the row of empty stockings. There is nothing quite so pathetic.

The action of the Secretary of the Interior, says the Ashland Press, to abolish the LaPointe agency will doubtless provoke a spirited fight in congress this winter. Within the past year, the Lac du Flambeau reservation was set off from the LaPointe agency, and was put in charge of a bonded school superintendent, following the procedure in other places.

It is impossible to learn, whether Had River, Red Cliff, Grand Portage, and Fond du Lac are each to be placed under a separate school superintendent, or whether there is to be a head superintendent at Ashland. However, the secretary's recommendation must run the gauntlet of congress, and there is no telling whether congress will vote to make a change or not.

THANKS PATRONS.
Miss Edith Kelly has retired from the millinery business in this city and intends to locate elsewhere. Thru the columns of the New North she desires to thank all those who have so kindly favored her with their patronage and wishes them a Merry Christmas and A Happy New Year.

NEW SOO ROADMASTER.
M. McGrath is the new roadmaster who now has charge of the eastern division of the Soo line between Rhinelander and Gladstone. The Leader for your holiday goods.
A young man named Hunter, who lives in the Town of Sugar Camp was quite badly injured, Saturday, while cutting wood. He accidentally received an ugly cut on the calf of his left leg by an axe in the hands of a fellow workman who was chopping near him. Dr. Garner of this city dressed the wound.

When you call at the Buck Clothing Store don't forget to ask for one of the new 1909 diaries which the store is presenting to its patrons. It is a neat little book and will be found very useful during the coming year.

M. M. Carns and family are now located in the Martin flat building on S. Pelham street. The residence on north Pelham street which they just vacated is now occupied by Wm. Jamieson.

Chas. Plant departed yesterday morning for Lockhart, Alabama, where he has taken a position as head sawyer in a large saw mill. He lately was employed in the mill at Gagen. He does not intend to move his family to the south.

One thousand dollars reward by the government and one hundred dollars by Postmaster C. H. Scott, has been offered for the capture of the men who robbed the post office at Sault Ste Marie, Sunday night. The robbers secured \$2500.

The window trimmers in the city stores have been busily engaged during the last week and as a result of their labors some very attractive displays have been arranged. Along Brown and Davenport streets the decorations are most brilliant and add greatly toward inspiring one with the true holiday spirit.

The Devil was presented by an excellent company at the Grand Opera House last evening. This was Henry W. Savage's production of the great play, the same that recently had such a successful run in New York and other cities of the east. Joseph Callahan as "The Devil" is a capable actor and handled his difficult role to perfection. He has appeared here before as "Mephisto" in Faust. A small audience was in attendance. The deer season just closed shows that the number killed each year does not diminish lately. Mr. Rock, the express messenger on the "Monico-Watersmeet" scot, states that he handled 534 carcasses this season, which is the greatest number since he has kept a record. Outside of Alaska, the United States owns 380,873,787 acres of land, which is subject to entry under the land laws and is sufficient to supply homesteads of 160 acres each to 2,417,901 citizens. Rhineland, like other cities in Wisconsin, is now in the grasp of an egg famine. It is almost an impossibility to get fresh eggs at any price and the cold storage variety is even scarce. Ancient hen fruit which has been resting in the store rooms for several months commands the fancy price of thirty cents per dozen. The merchants find it difficult to get eggs, good or bad, and it will not be until next spring that the hens will make an effort to relieve the situation.

How One Doctor Successfully Treats Pneumonia.

"In treating pneumonia," says Dr. W. J. Smith of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's Cough Remedy. While, of course, I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself, as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge." For sale by F. L. Hinman & Co.

TIME-TO ACT.

Don't Wait for the Fatal Stages of Kidney Illness. Profit By Rhinelander People's Experiences.

Occasional attacks of backache, irregular urination, headaches and dizzy spells are common early symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pass off for a time but return with greater intensity. If there are symptoms of dropsy—puffy swellings below the eyes, bloating of limbs and ankles, or any part of the body, don't delay a minute. Begin taking Doan's Kidney Pills, and keep up the treatment until the kidneys are well, when your old time health and vigor will return. Cures in Rhinelander prove the effectiveness of this great kidney remedy.

Melvin Sweet, of 810 Randall St., Rhinelander, Wis., says: "I was in a bad condition about a year ago as a result of a severe attack of kidney trouble. I could not get about for weeks as my back was so lame and painful. The kidney secretions were also disordered. Doan's Kidney Pills procured from Reardon's drug store, soon relieved me and I cannot say too much in their favor."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

AFTER THE GRIPPE
Vinol Restored This Man's
Strength

"Several years ago I was attacked by
a severe case of gripe, which left me
with a hacking cough, soreness in my
chest, and bronchitis. I took nearly
every kind of cough syrup sold on the
market, besides medicine given me by
physicians.

I received no permanent relief until
my druggist asked me to try Vinol,
and after taking three bottles I was
entirely cured.

I believe Vinol to be the greatest
blessing ever offered to the public, as
it does what is claimed for it." R. E. H.
Hicks, Maplesville, Ala.

The reason Vinol cures chronic
coughs, colds and pulmonary troubles
is because it contains tonic iron and
all the healing and body building ele-
ments of cod liver oil but no oil.

Vinol is also unexcelled as a strength
builder for old people, delicate children,
weak and run-down persons, and after
sickness.

SATURDAY IS TAG DAY.
High School Pupils Take This Method of
Paying for New Plans.

Rhinelander will have its first "tag
day" next Saturday. The pupils of
the High School have taken this meth-
od of raising funds toward the pay-
ment of the new piano recently pur-
chased by the school. The young
people will be in all parts of the city
and there will be but few who will
escape being tagged. One is supposed
to donate whatever sum he feels he
can afford as any amount no matter
how small will be appreciated.

Tag days have recently been held
in many cities throught the state and
have proved effective in raising funds
for charitable and other good causes.

Mrs. McRaney's Experience.
Mrs. M. McRaney, Prentiss, Miss.,
writes: "I was confined to my bed
for three months with kidney and
bladder trouble, and was treated by
two physicians but failed to get relief.
No human tongue can tell how I suf-
fered, and I had given up hope of ever
getting well until I began taking Fo-
ley's Kidney Remedy. After taking
two bottles I felt like a new person,
and feel it my duty to tell suffering
women what Foley's Kidney Remedy
did for me."—J. J. Reardon.

XMAS EVE AT BAPTIST CHURCH.
"The Story of the Star" is the title
of the Cantata chosen by the Sunday
school this year to be rendered on
Christmas eve. The libretto of this
cantata is arranged by Ida Reed
Smith, the music is by T. M. Town,
both of whom are well known special-
ists. The cantata is elaborate in its
make-up and gives promise of being a
very superior production. The deco-
rations and staging will be in full
keeping with the production and will
probably surpass anything of the kind
of past years.

The training committees, composed
of Mrs. E. B. Flagg, Mrs. A. L. Dunn,
Mrs. Chas. Stevens and Mrs. B. L.
Bergstrom, have had the school in
training for the past two weeks for
this program which requires for its
rendition about thirty boys and girls.
In this cantata other continents and
countries are introduced, such as
Asia, represented by Turkey, China,
India and Japan. Africa also takes a
part, and also Europe, represented by
Germany, Norway, Sweden, Austria,
England and Poland. The climax is
reached when America is introduced
by six girls in pleasing costume and
exercise.

Don't fail to see that beautiful as-
sortment of ruckings.

PHONOGRAPHS and RECORDS,
did you know that an entirely new
line of Machines and Records will be
on sale October 1st at my store. The
NEW Records are no larger, but play
just twice as long as the old records
do. The new phonographs are made
so you can play either the old or the
new records on them, but that isn't
all, any person now having a phono-
graph can buy one of the new repro-
ducers and then you can use either
records. Call at my store to get the
latest in that line.
